

## TOD'S CIRCUS

**New York, November 17<sup>th</sup> 2016** - Tod's celebrates the world of circus with some events worldwide starting with a cocktail in New York, in honor of a great personality: **Federico Fellini**.

**Dante Ferretti**, three-times Academy Award Winner for set design, **Fellini's** partner and close friend, has designed spectacular set for Tod's Holiday windows in Madison Avenue, recreating a part of Fellini's world.

Special guest of the evening will be **Naomi Watts**. Together with the English actress, already one of the friends of Tod's, celebrities and influencers will join the event to celebrate the Italian creativity and the world of circus.

Especially for this occasion, Tod's launches a limited edition of bags with the iconic sign of **DOUBLE T**, declining the timeless style with a circus touch available exclusively at Tod's Madison Avenue Boutique. The white-black leather stripes, deliberately irregular, with stars that embellish the shoulder strap, recall the aesthetics of the circus.
