

#TODSLIBRARY

Tod's Library is the first example of a new boutique lay out, which combines the brand's DNA with its reference materials, in a warm and friendly atmosphere, giving great emphasis to the brand's iconic products specifically selected for this type of concept.

The product display in Tod's Library stores is designed for customers who are increasingly multimedia oriented but still look for an atmosphere of elegance and quality.

Ample space will be dedicated to iconic products, allowing endless choices and offering a **Custom Made** customization service, to create truly unique products.
